

Diocesan Emergency and Disaster Coordinator

This year the Provincial Diocesan Emergency Coordinators' meeting was held in beautiful Savannah, Georgia. We did not have time to tour the historic area as we worked diligently to finish the prototype for our Province-wide Disaster and Emergency Preparation Guide, which now has been presented to the Bishop & Council for inspection and either amendment or approval. It is planned that copies will be sent to each Parish, Mission, or Institution of the Diocese to be adapted and implemented to fit their needs, and a report returned to the Bishop's Office or other designated point showing that a plan has been adopted and put into effect in each congregation and the Diocese.

The Rev. Don Brooks, Coordinator
